

## Meir and Shevy (Cherns) Kaplan

January 2018

Dear Family and Friends,

Stein Yeshiva of Lincoln Park is bestowing upon us the *Hakoros Hatov Award* at the yeshiva's Annual Dinner on Tuesday, March 20, 2018. When the administration approached us, our first reaction was, of course, yes! Anything that will help the yeshiva, we're onboard! Esti's father, Rabbi Yosef Cherns, has been the *menahel* of the yeshiva for thirty years. Stein Yeshiva was always a central part of the Cherns' lives growing up, always participating in school functions. We are so proud to be honored by Stein Yeshiva and have the opportunity to support our father in his life's work. His unique style and deep understanding of education makes Stein Yeshiva a true model for Torah education. Through the years, we have been fortunate to be supporters of this innovative yeshiva that respects each child's learning style.

Stein Yeshiva in Yonkers includes a daycare, a preschool, and an elementary school. The elementary school has separate boys' and girls' divisions, the only yeshiva in Lower Westchester that offers separate classes. The students flourish in the small classes with caring rebbeim and moros, developing self-confidence.

The administration believes that every Jewish child deserves the opportunity for a Jewish education, regardless of their financial means. Stein Yeshiva's reasonable, low tuition only covers part of the costs of educating each child and many children are on deep scholarships

Please join us in supporting Torah education at Stein Yeshiva by placing a dedication in *Stein Yeshiva Chinuch Scroll of Honor*. May Hashem bless you for partnering with us in this worthwhile *tzedekah*, the Stein Yeshiva Scholarship Fund.

Sincerely,

*Meir and Shevy*
