Greetings from our Menahel

Rabbi Yosef Cherns

It is my pleasure to welcome you this evening and to thank each one of you for your friendship and support of Stein Yeshiva. It is with the utmost appreciation that I thank Dr. Philip and Aria Fried, Shmuel and Chana Beila Frydman, Dr. Marc & Michal Arkovitz, and Ronald and Stephanie Sabban for their enthusiastic response as honorees. We pay tribute to each of them tonight.

All of our honorees well understand the paramount importance and centrality of Torah education in our times and throughout history. They have worked with great dedication to make this year's dinner a success. Their contribution to the yeshiva, like any mitzvah, reaps eternal reward. However, as stated in our daily tefilos, "*Talmud Torah kineged kulam*," "The study of Torah is equal to them all." Furthermore, in that same quote, the Gemorah lists several mitzvos that although their main reward is in the world to come, we still reap great benefit in our current world. Once again, the study and support of Torah is equal to them all. May tonight's honorees merit to see and taste the fruits in this world from their hard work in support of Torah and on behalf of the children who learn at Stein Yeshiva. May HaShem bless them and their families with good health and all good things.

Ultimately, the credit for the yeshiva's success is not ours, and I must take this opportunity, on behalf of my colleagues and myself, to express gratitude to Hashem Yisborach for the success that He has graciously bestowed upon us in this extraordinary year. It is truly a great zechus to be part of such a worthy institution.

Stein Yeshiva exemplifies authentic Torah m'Sinai without any falling short of the parameters of halacha and proper hashkofah. This is because we believe that a yeshiva such as ours is guided by gedolai Torah. We are very proud to be known for the ahavas Torah v'yiras shamayim of our students of all ages, their great enthusiasm for learning, and their pursuit of academic excellence.

I would like to take this opportunity to thank our wonderful administrators and teachers for their dedication to Stein Yeshiva. With the will of the Almighty and His worthy messengers, may we continue to grow and further strengthen Jewish education for the benefit of Klal Yisroel.

Greetings From Our President Stuart M. Stein

I want to take this opportunity to welcome everyone here tonight and to wish mazal tov to our honorees. The yeshiva has been blessed with many outstanding individuals who work on its behalf with great love and *mesiras nefesh*. Our honorees tonight are fine examples of this.

It has been an extraordinary year for us all as we adjusted to the new, and troubling environment brought about by the pandemic. For us at Stein Yeshiva, it has meant many hours of meetings, reporting, and simply being aware of, and adapting to, the continually changing government regulations and opportunities. All of this has been on top of the already demanding challenges of running a yeshiva and pursuing our mission. I would be remiss tonight, if I did not acknowledge the steady and outstanding leadership of our menahel, Rabbi Cherns, and his team of administrators, as well as the unfailing dedication of our teaching staff to each and every child. I could not be more proud of Stein Yeshiva.

I also want to acknowledge you, the parent body, for working together with the administration to keep everyone as safe and healthy as possible. I know it is not always been easy to have to keep young children at home, but out of an abundance of caution you did it for the good of the entire yeshiva family. Yasher koach!

We have been very “fortunate” to have been able to continue with in-person learning for most of the school for most of the year. With Hashem’s help we will continue throughout the summer with Camp Shemesh. A huge thankyou to Michelle Shteingart and the staff of Camp Shemesh who were able to forge ahead last year and run our summer program under pandemic conditions. We know that you are looking forward to a fun-filled, and hopefully more relaxed, summer this year.

Just as we all came together to weather the pandemic, may we move forward together to provide an environment where children can develop a love for Torah, a love for learning, and where they can excel in both secular and Jewish studies.

Dr. Philip & Aria Fried

Grandparents of the Year

Phil and Aria Fried live in Scarsdale, New York. They are the proud grandparents of Joseph and Jonah Fried, both students at Stein Yeshiva. They also have a granddaughter Lilah and two more grandchildren on the way! The Frieds are parents of six children Shimon who is married to Davida, Yaakov who is married to Zahava, Yehuda who is married to Eden, Shlomo, Avi, and Allegra. Shimon is a proud graduate of Stein Yeshiva. His amazing wife Davida is the Early Childhood Director. As you can see, the Fried family has a long history of over 20 years at Stein Yeshiva of Lincoln Park.

Philip Fried is a board-certified dermatologist and Medical Director of WestDerm Center with multiple offices in Westchester and the

Bronx. Phil is very active in the Young Israel of Scarsdale. He serves on the re-opening committee and is a frequent Ba'al Koreh at the weekday minyan.

Aria Fried is a lawyer and former Assistant Corporation Counsel of the City of Mount Vernon. She was responsible for the first Eruv legislation in Westchester County for Mt. Vernon. Aria was former Sisterhood President of the Young Israel of Scarsdale and now serves on the Board of Trustees. She also “moonlights” as one of the Mikvah attendants at the Shul.

The Frieds are so proud to be a part of the Stein Yeshiva family and are touched that they were chosen as “Grandparents of the Year.” They wish for Hashem to bless Stein Yeshiva with mazal and bracha that it should continue as an excellent institution for religious Jewish learning.

Dr. Marc & Michal Arkovitz

Hakores Hatov Parent Award: Early Childhood

Dr. Marc and Michal Arkovitz moved to New Rochelle nearly 3 years ago from Jerusalem. Marc is a pediatric surgeon at Westchester Medical Center and an associate professor of surgery and pediatrics at New York Medical College. He made aliyah to Israel in 2009 and met Michal shortly after. Michal is a native Israeli having grown up on Moshav Bnei Zion in the center of Israel. Prior to moving to New York, Michal worked as a prosecutor in the office of the state attorney in the Israeli ministry of justice. They have five children and two of them are students of Stein Yeshiva.

When the family moved from Yerushalaim to Westchester three years ago, one of their top priorities was finding quality Jewish education for their children. They believe they have found that quality education at the Stein

Yeshiva in Yonkers. The Arkovitz' youngest son Yehuda and youngest daughter Aviya are Learning at Stein, Yehuda is in kindergarten and Aviya in the day care.

The family discovered that Stein provides a superb Jewish education, based on Torah values and does so in a warm and loving environment. They have been impressed with the faculty's commitment to the growth and development of each and every child and witnessed their devotion and passion to their important educational mission. Stein is a small, family-like Yeshivah. It does not have a huge campus, nor does it have extra frills, but it is rich in spirit and values that resonate deeply.

"This year the Yeshiva chose to honor us with the Early Childhood Parent Award," Michal said, "It is our pleasure to accept this award as we wholeheartedly believe in the mission of the school. Stein Yeshiva offers a truly unique education: it has small classes with individualized attention that enables all children to flourish and reach their potential. Additionally, it is open and welcoming to children with various Jewish backgrounds and levels; it has affordable tuition, and above all, it offers a warm environment that nurtures the love of learning and Torah."

Ronald & Stephanie Sabban

Hakores Hatov Parent Award: Early Childhood

For Ronald and Stephanie Sabban, their greatest joy is to be the proud parents of their two children, Gila and Zoey. When Zoe turned two, it was unclear as to where the Sabbans would send her for preschool. Based on rave reviews from close friends, they decided to look at Stein. Soon after Zoe started Stein Yeshiva, they felt confident that they had made a great choice. In her 2s classroom, Zoe was learning how to count in 3 languages: English, Hebrew and French. The Sabbans were astounded by the level of enrichment. They felt that the learning environment had so much to offer children who were ready, while being laid back and welcoming for all. Zoe went home singing every day.

“This is now our child’s third year at Stein,” Stephanie writes, “and I can attest to the warmth and caring in the school. Zoe LOVES going to school every day. She loves her teachers and I know that each of her teachers cares deeply about her. When Zoe had to miss a week of school, an administrator took the time to do a zoom project with her one-on-one.”

“We have been extremely fortunate to have had AMAZING teachers for Zoe. Every single year, Zoe’s teachers were spectacular. Each of Zoe’s teachers has had the capacity to control the classroom while also creating an environment of love, caring, and respect. While at Stein Yeshiva, Zoe has developed solid Hebrew comprehension skills. She has been encouraged to be a leader and to be respectful to peers, to learn and enjoy, and to be inspired to sing and soar like a butterfly.”

“We are very grateful for all the love and hard work which so many have put into Stein to make it truly extraordinary.”

Shmuel & Chana Beila Frydman

Hakores Hatov Parent Award: Learning Pavilion

Shmuel Frydman was born to holocaust survivor parents in Israel. They moved to the the Lower East Side when he was a just a month old. Shmuel attended Mesivta Tiferes Yerushalayim and was a Talmid of Rabbi Dovid Feinstein TZ"l. Chana Beila grew up in Monsey. After the Frydmans married, they lived on the Lower East Side for the next 19 years where they enjoyed the rich Jewish environment.

Thirteen years ago, the Frydmans moved to Rockland County. They daven in Congregation Ohaiv Shalom in New Hempstead. Shmuel is very involved in the shul and is always willing to lend a hand when needed. When he is not occupied with his chesed work, Shmuel is a distributor for seforim and Judaica vendors. Chana Beila is an avid supporter of and volunteer for Renewal, which is very important to her as she is a kidney donor. She has also been a doula for the past 20 years.

The Frydmans have 6 children and 4 grandchildren, *kh*. Their youngest son, Shuli, is currently a talmid in the Learning Pavilion at Stein Yeshiva where he is thriving in the warm and loving environment and is happy to go to school every day.

When looking for a yeshiva for Shuli, the Frydman's were impressed by Rabbi Cherns' vision. They feel that his ability to see into the heart and soul of each and every child, and his confidence in each and every child to succeed, is what makes him a mechanech par excellence! "Your vision and guidance," the Frydmans wrote, "make Stein Yeshiva the wonderful place that it is for students to learn and develop into their full potential. May Hashem grant you many more years of imbuing students with the love of learning Torah."

“Who are your guarantors
that you will keep the Torah?’ Asked Hashem.

Klal Yisroel suggested Heaven and Earth,
and Hashem rejected them.

Klal Yisroel suggested the Avos,
then the prophets,
and Hashem rejected them.

Finally, Klal Yisroel said,
‘Let our children be the guarantors
that we will keep t he Torah.’

Hashem was satisfied.

‘They are good guarantors,’ He said.
‘I will give you the Torah on that condition . . .’”

שטיין ישיבה

When Shlomo HaMelech built the Bais HaMikdosh, Hashem promised to accept the prayers of the Jewish people that rise to heaven from there. The Chofetz Chaim tells us to direct our earnest prayers through Eretz Yisroel, through Jerusalem, through the Holy Temple, into the Holy of Holies and on into Heaven. Jerusalem is not just a place; it is a point of connection between the physical and spiritual worlds; it represents our yearning for connection with Hashem; and it is meant to exist in the heart of every Jew. Where do we learn to yearn for a closeness to Hashem, that He directs our lives, and is close to all who call upon Him? — in our early years, in Stein Yeshiva!
